The *Sailor Scout CharacterDiary* is a character information book that is used with *The Sailor Moon Role-Playing Game and Resource Book*. You should use this book if you have created a Sailor Scout character; Knights and Dark Warrior characters have their own separate diaries.

The *Sailor Scout Character Diary* features:

- A deluxe 14-page character sheet, with expanded sections on *Senshi* powers, magical items, physical traits, character personality, family history, the Sailor Scout team, outlook on life, present and future goals, friends, school, animal guardians, and character advancement.

- Over 40 diary pages on which you can record your character's inner thoughts and deepest secrets, love letters to other characters, songs, poetry, character sketches, or any other game notes concerning your character. Over 20 pages have special "watermarked" images of the Sailor Scouts from all five television seasons.

- An opening title page for your character sketch or picture

- Over a dozen black-and-white pictures of the Sailor Scouts in their fuku uniforms, and their everyday clothes. The pictures can be coloured, cut out, and pasted on the title page (to the left). A blank Sailor Scout character has also been included, which allows you to personalize her uniform, appearance, and accessories.

Whether you are playing in a campaign, mini-campaign, or one-shot adventure, the Sailor Scout Character Diary is the window into your character's soul!
